WELCOME TO AFA SLOW-PITCH

We welcome you to the AFA Slow-pitch program and hope you will find the AFA style of softball to be the game your team is looking for. Our experienced staff has started developing the AFA game of slow-pitch, where other associations have left off. As a result, we feel that we have made great strides in improving the game.

2008 is the inaugural year for AFA Slow-pitch softball. Our rule committee feels they have developed the rules that will carry the game into the future. We welcome any advice and ideas to further enhance our program. We are also looking for more hardworking people who have a passion for this game to try directing. Please don't hesitate to speak to a staff member. Furthermore, we feel we have designed this slow-pitch game to be the best game it can be. We hope the rules below help you learn the proper way to play the AFA slow-pitch game.
