Simple Scorekeeper Guide

Picture steps · Real screens · Nothing to install

This booklet is for the person who runs games:
unlock Scorekeeper, open a tournament, enter scores,
and build brackets when needed.

Large steps. Real photos of the site. Keep it with your phone.

Where you go on game day

You only need five stops. Always the same order.

1

Home

Public site — what teams and families see

[main website](#)

2

Scorekeeper

Number pad · enter the PIN · tap Go

</scorekeeper>

3

Control Center

Three doors: Tournaments · Teams · Players

[pick Tournaments](#)

4

Your tournament

Tap the event name to open it

[list of events](#)

5

Division then Scores

Tap Scores on the division (Coed, Gold...)

[enter scores](#)

Remember

Teams & Players are for rosters and people.

Game day scores and brackets live under Tournaments.

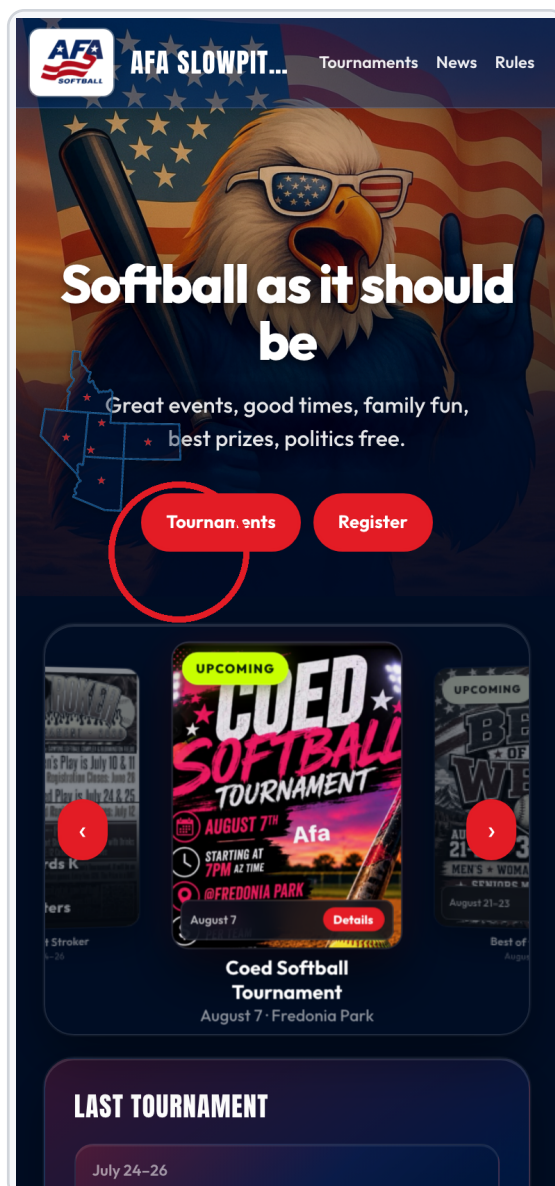

See the public AFA site

Nothing to install. Use Safari or Chrome on your phone or computer.

- 1 **Open this link**
<https://afa-southern-utah.vercel.app/>
Bookmark it if you can.

- 2 **Tap the link (or paste it in the browser)**
Safari or Chrome is fine.

- 3 **You should see the eagle home page**
Big red buttons: Tournaments and Register.
Scroll for posters and results.

Enter the PIN

Scorekeeper is the private control room. Only directors.

- 1 Go to Scorekeeper**
<https://afa-southern-utah.vercel.app/scorekeeper>
Or type /scorekeeper after the main site address.

- 2 Tap the digits of the PIN**
Dots appear as you type. Use Del if you miss a digit.

- 3 Tap Go**
If the PIN is right, you land on Control Center.

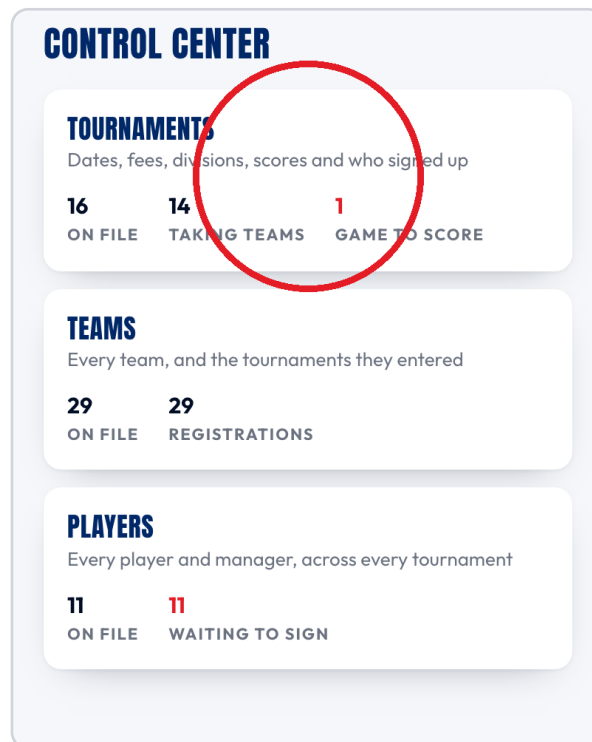

Keep the PIN private

Do not post it on Facebook or paper posters.
Text it only to directors. You can change it later inside the tool.

Three doors — pick one

After the PIN, you always start here.

- 1 Tournaments (game day home base)**
Dates, fees, divisions, scores, who signed up.
Start here to score games.
- 2 Teams**
Every team and which events they entered. Good for lookup, not live scoring.
- 3 Players**
Players and managers. Signatures and directory.

Game day

Almost always: open Tournaments first.

Open a tournament & division

Find the event, then Scores

- 1 Tap Tournaments on Control Center.
- 2 Find your event in the list (name + date).
- 3 Tap the row (the triangle on the left) to open it.
- 4 Find the division (example: All - Pool Play, Gold, Coed D).
- 5 Tap Scores on that row.

What the buttons mean

- Teams** — Who is entered in this division
- Matchups** — Build pools / brackets structure
- Scores** — Enter results — main game-day button

The screenshot shows the 'Setup' screen for a 'Coed' tournament. It lists two divisions: 'All — Pool Play' and 'Gold'. For each division, there are buttons for 'TEAMS', 'MATCHUPS', and 'SCORES'. The 'SCORES' button for 'All — Pool Play' is circled in red. The interface also shows minimum player counts (5 for All, 5 for Gold) and completion status (e.g., 'TEAMS 28/28' with a green checkmark).

DIVISION ▲	M	W	TEAMS	MATCHUPS	SCORES
All — Pool Play	5	5	TEAMS 28/28 ☒	MATCHUPS 28 ☒	SCORES 28/28 ☒
Gold	5	5	TEAMS 9/9 ☒	MATCHUPS 16 ☒	SCORES 16/16 ☒

Example: Coed Heat Stroker — use the Scores buttons on the right

Type both sides, then Save

Same idea for pool games and bracket games.

1

Open Scores

From the division row, or you may already be on the division page.

2

Find the game

Team names on left and right. Field and time help you match the diamond.

3

Type the two scores

Boxes sit between the teams — like a scoreboard.

4

Tap Save

Only when both numbers are correct. Later games update after you save.

Mistake?

Use Clear on that game, then enter the correct score. Wrong scores can move later games — fix ASAP.

One step at a time

This is the only part that needs room. Use the website guide — it scrolls.

The order

Seeds → Format → Generate → Drawing → Scores

1 Seeds
Order teams #1, #2, #3... #1 is top seed.

2 Format
Pick 3GG, Double elim, or Double elim + consol.

3 Generate
Tap Generate (or Clear & generate to rebuild).

4 Drawing
Check the bracket picture before scoring.

5 Scores
Enter results; winners advance after Save.

Careful

Clear & generate wipes the bracket and rebuilds it.
Only before live games — or when you mean to start over.

Also covers PIN, Control Center, and scoring.

Day-of checklist

- ☐ Open Scorekeeper and enter PIN
- ☐ Control Center -> Tournaments
- ☐ Open today's event (tap the triangle)
- ☐ Open the right division -> Scores
- ☐ Enter each final score -> Save
- ☐ If needed: Bracket tab · seeds · Generate
- ☐ Double-check wrong scores with Clear + re-enter

Stuck?
